

Adding a Ride

1. Log on to the web site: Use your email address and Password is your Membership

A screenshot of the BTCNJ website's login page. The header features the BTCNJ logo on the left and "Login" and "Join" buttons on the right. Below the header is a navigation menu with links for "Home", "Merchandise", "About Us", "Join", and "Links". A search bar is located to the right of the navigation menu. The main content area is titled "BTCNJ Members: Sign In to My BTCNJ". It contains a form with the following fields: "Your e-mail address (e.g., someone@aol.com)" with the value "heinschlag@msn.com", a password field with four dots, and a checkbox labeled "Save my e-mail address and password on this computer". A "Sign in" button is located below the form.

2. On the left, you will see a yellow list of functions. Choose Ride Leader Functions:

- My BTCNJ Home
- View/Search Ride Schedule
- Masterlink Archive
- Membership News
- Upcoming BTCNJ Events
- Ride Leader Functions**
- Membership
- Ramapo Rally
- Polls
- North East Cycling Calendar
- Ride Leader Points
- My BTCNJ Administration
- Sign Out

You may also go directly to View/Search Ride Schedule to add a ride to a specific date.

3. Check that your start location is in the website. You can open the link for a list of start locations already loaded in the web site, or you can check the drop-down list for the start site.

Add A Ride

FIRST, check that your start location is in the drop-down list. If not, go to 'Add a Start Location' to add it BEFORE entering your ride.

Include any limiting conditions you require within the ride description. For example, 'No go if less than 45 degrees'. Or 'No calls after 10pm'

Policy

From March 15 to November 30, leaders can post new rides for Saturday, Sunday and holidays no less than three days in advance and, for Monday through Friday (non-holidays), no less than 24 hours in advance. Please include your cell phone number in the ride listing.

We strongly encourage you to include as much detailed information about the ride as possible, along with a "more defined target pace range" to give riders a better understanding of what to expect.

As a courtesy to all riders, do not change the key details of your ride (i.e. start time, pace, location, terrain) after you post it. Only change the start time if there's a legitimate weather-related reason.

FIRST, check that your start location is in the drop-down list. If not, go to 'Add a Start Location' to add it BEFORE entering your ride. Include any limiting conditions you require within the ride description. For example, 'No go if less than 45 degrees'. Or 'No calls after 10pm'

Date

You can choose the start location, date, ride category, and co-leader if needed, from the drop-down lists. Include in the Description any limiting conditions, for example, “No go if less than _____” or “No Calls After _____”. This is also where you describe the terrain (such as rolling to moderately hilly) Click Save Changes. **Notes: When filling out mileage, just enter a number. Do not type the word “miles”, and no spaces. Only 1 category permitted per ride. Limit of 1 leader and 1 co-leader.

6. Once your ride is entered it can easily be edited for changes or modifications to ride details as needed by the leader without contacting the Rides Lieutenant or Captain unless after the Rides Editing deadline.

7. Choosing a cue sheet: You can add a cue sheet from the library to your ride: When entering or editing your ride, click on “add a cue sheet for a new cue sheet”, or “view/download cue sheet” for existing cue sheet in the library.
